

## **EVELYN STREET PRIMARY ACADEMY - INTIMATE CARE STATEMENT**

Intimate care/assistance and activities requiring close personal contact can be identified as any personal care/assistance that involves an individual's personal space.

All children we work with have the right to be safe, to be treated with courtesy, dignity, and respect, and to be able to access all aspects of the education curriculum.

### **Purpose**

- Uphold pupils' rights to privacy and dignity.
- Identify situations, which have elements of close personal/intimate contact.
- Recognise the responsibilities of adults involved.
- Safeguard pupils and adults from any misinterpretation of action.
- Ensure consistency of action whilst being sensitive to individual need.
- Dispose of waste safely.

### **Basic Principles**

Intimate care can be defined as care tasks of an intimate nature, associated with bodily functions, bodily products and personal hygiene, which demand direct or indirect contact, or exposure of the sexual parts of the body.

Children's intimate care needs cannot be seen in isolation or separated from other aspects of their lives. Encouraging them to participate in their own intimate or personal care should therefore be part of a general approach towards facilitating participation in daily life.

Intimate care can also take substantial amounts of time but should be an enjoyable experience for the child and for their parents/carers. It is essential that every child is treated as an individual and that care is given as gently and as sensitively as possible. The child should be encouraged to express choice and to have a positive image of his/her body.

- Children have the right to feel safe and secure.
- Children have the right to an education and schools have a duty to identify and remove barriers to learning and participation for pupils of all abilities and needs.
- Children should be respected and valued as individuals.
- Children have a right to privacy, dignity and a professional approach from staff when meeting their needs.
- Children have the right to information and support to enable them to make appropriate choices.
- Children have the right to be accepted for who they are, without regard to age, gender, ability, race, culture or beliefs.
- Children have the right to express their views and have them heard.
- A child's Intimate/Personal Care Plan should be designed to lead to independence.

### **Broad Guidelines**

The guidelines cover a variety of activities and it must be accepted that there has to be a degree of flexibility and judgement within some situations. The guidelines must be followed in the context of Child Protection, Health & Safety and Police Clearance Procedures.

- **Police Clearance:** All adults participating in any activities including intimate/close personal contact will have undergone statutory police checks (see section referring to student/volunteer helpers).
- **Child Protection:** All child protection matters must be reported to the designated person in school responsible for child protection. Procedures should follow the Child Protection Policy. The designated person is the head teacher.
- **Health and Safety:** All staff should be aware of and adhere to the general health and safety guidelines as documented by the Local Authority. Appropriate risk assessments should be carried out. Any health and safety concerns or queries should be taken up with the Head Teacher who will act upon the information.

  - Ensure females (and boys who are catheterise) are cleaned front to back.
  - Creams etc only to be used with written permission from parents.
  - Appropriateness of male/female assistance with boy/girl pupils to be agreed upon.
  - Secure documented parental agreement to procedures.
