Key Vocabulary

Scale, Warm-Up, Hit, Shake, Count-in, Cue, Intro, Ending, Beat, Rhythm, Pitch, Percussion, Note, Rest, Oval, Stem

Session 1:

How the vibrating air within a Djembe creates a "Boom" when it is hit.

The fact that the sound needs to escape from the drum at the bottom to create its true sound

The unique "goblet" shape of the Djembe and how its shape helps us to hold it and project the sound.

Practice Quarter Note (Tom), Two Eighth Notes (JoJo) and Quarter Rest (Rest) rhythms in single bars

Practice Coordination of drumming on Djembe : Right and Left from notation.

How "Say as we play" chanting helps us to refine our performance, by bringing us together regarding the beat.

Playing traditional African rhythms by using chants of One Banana, I Love Apple Pie and Pineapple Pineapple Plum.

DEEPER LEVEL FOR A/B YEARS: Call and Response exercises including assessment-lead increases in rhythmic complexity, dynamics, and accent placements.

RESOURCE: Simama Kaa - <https://www.youtube.com/watch?v=99jfkfZOPIQ>

Vocabulary: Vibration, Air, Count-In, Beat, Rhythm, Coordination, Beat, Bar, Chant, Say as we Play, One Banana, I Love Apple Pie and Pineapple Pineapple Plum.

"Say as you play" - Chanting the beats of the rhythm in a call and response exercise. Identifying the rhythms used within a performance and adding that to the call / response exercise.

Are we sticking together? Are we listening to the count-in, chanting in time and therefore refining our performance to ensure we work together as a band - as a TEAM?

A Bar is a block of music to group it into rhythms to play

Composition / Improvisation: Creating our own rhythms as a group, ensuring we have a total of 4 beats per bar.

Medium Term Plan: Supporting Implementation of LTP/Progression Grid
