Medium Term Plan: Supporting Implementation of LTP/Progression Grid

Subject: LKS2 Year b OAA

PoS aims from NC:

A high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect

Prior Learning (what pupils already know and can do)

It is helpful if children have:

- used simple diagrams or maps that show objectives as symbols or pictures
- taken part in a range of practical physical education activities in a familiar environment
- followed simple instructions and responded promptly to the teacher and each other
- taken part in practical problem-solving activities

ABOUT THE UNIT:

In this unit children learn how to read and follow different maps and symbol trails. They also take part in a range of trust and communication activities, and in some adventure games. In outdoor and adventurous activities as a whole, children follow maps and trails, try to solve physical problems and challenges, and learn how to work safely in a range of situations.

WHERE THE UNIT FITS IN:

This unit lays the foundations for the next outdoor and adventurous activity unit, in which children will work with more complicated maps, follow more demanding trails, and, in some cases, undertake short journeys in less

Medium Term Plan: Supporting Implementation of LTP/Progression Grid familiar environments. The problem-solving tasks they tackle will require more teamwork, with clearly defined roles and responsibilities. Many of the physical skills that children develop in this unit will help them to meet the demands of other physical education units. The planning and evaluating that is central to outdoor and adventurous activities will help children in games and when carrying out dance activities in pairs and groups. **Key Vocabulary** In this unit children will have an opportunity to use a range of words and phrases, such as: maps, diagrams • symbols, scale orienteering • controls challenges, problem solving • plan alone, plan in pairs and groups • do – try, think about and try again • review – talk about an activity and decide how to do better Shows increasing control over an object in pushing, patting, throwing, catching or kicking it Session 1 Skills: I can.. Future learning this content supports:

- Access to a variety of sporting experiences across KS2 will add depth to this. The use of transferable skills and vocabulary will consolidate the learning within this unit.
